

EL GHALI SANY

KAUST TIE Applicant | Smart-City Investment Analytics | AI-MCDM | Venture-Ready Decision Tools

Email: sanyghali@gmail.com | **Phone:** +33 7 81 95 70 70 | **LinkedIn:** Elghali Sany | **Portfolio:** <https://el2545.github.io/Portfolio-Saudi/>

Date of birth: 04/01/2026 | **Correspondence address:** 197 Rue Victor Hugo, 69007 Lyon, France | **Current location:** Lyon, France

EDUCATION

MSc coursework - Procurement & Supply Chain Management | INSEEC Business School | Lyon, France | Oct. 2025 - Present

- Relevant focus: procurement analytics, supply chain decision-making, cost analysis, operational performance, and digital transformation.

Bachelor's Degree - Management, Finance & Accounting | Universite Internationale de Casablanca | Casablanca, Morocco | Sept. 2022 - Jul. 2025

- Graduated with High Honors (Mention Tres Bien).

RESEARCH AND APPLIED PROJECTS

AI-MCDM Investment Scoring for Smart Cities under Carbon, Energy, and Geoeconomic Risk | Independent research paper | May 2026

- Designed an AI-enabled multi-criteria decision-analysis scorecard for ranking smart-city infrastructure projects under energy-price, carbon-cost, and geoeconomic-risk uncertainty.
- Combined XGBoost demand forecasting, carbon-adjusted Decoupled Net Present Value, Real Options valuation, Fuzzy-AHP/MEREC weighting, and AROMAN ranking.
- Benchmarked the constructed project sample against World Bank PPI, EIB project, EIBIS, and World Bank WDI/ESG datasets.
- Reported a 45.8% mean absolute error reduction for XGBoost relative to Ridge regression in temporal validation; used negative and exploratory results to refine model claims.
- Produced an auditable 25-project ranking framework that diverged from NPV-only rankings and supported sensitivity disclosure for infrastructure investment decisions.

Predictive Investment Modeling and Spatial Analytics | Graduation project / PFE | 2025

- Assessed the financial profitability of outdoor advertising assets in Casablanca using traffic flows, socioeconomic indicators, regulatory constraints, and OOH/DOOH operating models.
- Combined SUMO traffic simulation, QGIS mapping, demographic analysis, CAPEX/OPEX/TCO modelling, and ROI calculations.
- Built a Potential Profitability Index integrating traffic volume, purchasing-power proxies, regulatory constraints, operating costs, and revenue potential.
- Identified high-traffic and high-purchasing-power zones as stronger investment candidates while documenting the impact of compliance and initial investment requirements.

PROFESSIONAL EXPERIENCE

Business Analyst - Financial Performance Intern | SAN MAROC (Debt Collection) | Casablanca / Remote | Feb. 2026 - Aug. 2026

- Evaluated a 97.9B MAD non-performing loan portfolio through segmentation by aging and recovery probability.
- Reduced financial reporting cycle time by 40% through automated extraction pipelines using VBA and Power Query.
- Designed Excel dashboards for risk-critical KPIs, including Days Sales Outstanding and recovery-rate monitoring.

Business Analyst - Performance & KPIs Intern | 2ACOM (Advertising Sales Agency) | Casablanca, Morocco | May 2025 - Jul. 2025

- Built a five-year financial model comparing static OOH and digital DOOH scenarios through ROI, CAPEX, OPEX, and TCO.
- Developed a profitability index using 15+ variables; projected a maximum ROI of 533% and a five-week break-even point in the modeled scenario.
- Structured performance monitoring across five market zones to support investment prioritization.

Analysis & Reporting Intern - Client Portfolios & Risk | MAGHREBAIL (Leasing & Financing) | Casablanca, Morocco | Jul. 2024 - Aug. 2024

- Analyzed financial performance and credit risk exposure across 20+ corporate client portfolios.
- Standardized internal reporting processes to improve data reliability and portfolio-tracking precision.

TECHNICAL SKILLS

- **Data and modelling:** Python fundamentals, machine learning workflow, regression/classification, feature engineering, scenario analysis, sensitivity analysis.
- **Finance and investment analytics:** ROI, CAPEX, OPEX, TCO, NPV logic, cash-flow modelling, credit risk assessment, variance analysis, portfolio segmentation.
- **Decision methods:** XGBoost, Ridge regression, Fuzzy-AHP, MEREC, AROMAN, TOPSIS, COPRAS, multi-criteria decision analysis.
- **Tools:** Advanced Excel, VBA, Power Query, Power BI, QGIS, SUMO, basic SQL, dashboard design, reporting automation.
- **\$market analysis, value proposition framing, MVP roadmap thinking, business-case modelling, stakeholder-oriented documentation.**

LANGUAGES AND ENGLISH TEST PLAN

- Arabic: Native.
- French: C2; TCF 693/699.
- English: Duolingo English Test 110/160 (B2); preparing an official KAUST-recognized English proficiency test before enrollment, with IELTS Academic / TOEFL iBT / PTE Academic under consideration.

LEADERSHIP AND ENGAGEMENT

- Leo Club: Active member involved in community service and leadership-development initiatives.
- Cultural and Artistic Club, UIC: Member involved in student-life and campus activities.
